

GULF SUSTAINABILITY AND CSR AWARDS

SCORING OF ENTRIES

Our aim is to provide a robust and transparent Judging Process that provides clarity and confidence to all involved.

Entries are scored using pre-determined criteria, with written entries being used to provide short listed Finalists who then also make 15 minute presentations to a panel of Judges. This will be followed by 10 minutes of Judges Questions. Scores are generated from a combination of the written entry and the live presentations. The finalists will have 5 minutes before their presentation to set up as well.

Winners from each category are identified based on the highest score. An overall Winner, one across all categories will be identified from the highest scores overall.

All entrants receive feedback reports to help continuous improvement. Finalists will receive benchmark reports showing their performance vs other Finalists, including Winners. Non-Finalists will receive a constructive written critique of their Entry.

Scoring Grid

Who	Basis of Assessment	Outcome	Impact on Scoring
Short Listing			
Short Listing Panel 6-10 People	Written Entry Criteria 1-7 Summary will be especially important	Short Listing of Finalists	Scoring carried forward contributing to 50% of Total Score
Assessment of Finalists			
Category Judging Panels 3-5 People	Live Presentation Criteria 2-7	Scoring	50% of weighting of final score for all categories

There are a standard set of 7 Criteria across all of the Categories. Each Criterion has 100 marks available. All 7 criteria will be used for both the Short Listing of Finalists (by the Screening Panel) and for scoring written entries by the Finalist Judging Panel. Finalist presentations will be scored against criteria 2-7 only.
